

## Our Mission Continues

For the past 13 years, I have been working with the National Alumni Association serving as Financial Secretary and Chairperson for Nominations and Elections. Presently, I am Miss Alumni 2016-2017. I am committed to serving you as Vice president in an effort to support our National President who is moving in a positive direction for this organization. My goal will focus on membership growth in chapters and reaching out to communities to reinstate and establish new chapters. I am asking for your vote so that I can continue to work with the members of this great organization as Vice President of the National Alumni Association.

My election as your Vice President is important. Be a Part of this journey and cast your vote for me. **VANESSA LLOYD**

Teamwork builds better support!!
