Dear Alumni of Bethune Cookman University:

I would like to introduce myself and welcome your support as I campaign for the office of **Alumni Representative to the Trustee Board of Bethune-Cookman University**. I have served on the Associate Trustee Board for 6 years, and I am presently serving as Chairman of the Board of Visitors for the University. I am also the immediate past president of the Broward County Alumni Chapter of the National Alumni Association. I have been an educator in Broward County for the past 26 years and presently I am a District Level Administrator with the School Board.

I am passionate about the University and I feel I can truly be a voice for the Alumni on the Board of Trustees.

I am committed to seeing Bethune-Cookman University take its rightful place on the global stage. We must now modernize our mentality from a “Chalk and Blackboards” mindset to a more “Interactive SmartBoards” way of thinking. If our students are to compete globally, we must equip them with a universal education. I welcome your support as I offer my services to our esteemed Alma Mater.

Sincerely,

Michael Shorter
